## Guidance notes:

### ASSOCIATE MEMBERSHIP IS OPEN TO THOSE WHO HAVE COMPLETED THEIR INITIAL PROFESSIONAL EDUCATION.

Being an Associate member enables you to join the Pathway to Chartership, the route to achieving full Chartered (CMLI) status.

#### Eligibility

To be eligible for Associate membership applicants are required to hold an LI-accredited qualification. This means a masters qualification – either an MA or a postgraduate diploma, depending on the university. (Find out more about courses at [chooselandscape.org](http://chooselandscape.org).)

In partnership with the International Association of Landscape Architects (IFLA), the LI recognises a number of international universities and courses. Check the IFLA website to see if your course and university are listed. [List of Schools and Programmes recognised by IFLA Europe](#).

If your qualifications are not accredited by the LI, it is still possible to apply for membership.

Your application will be assessed by our Member Panel, who will judge the strength of your application based on both your work and academic experience, and decide whether you meet the required standard.

Assessment is a robust process that upholds of the standards set by our accredited course providers and expected of all Associate members.

[Please see our Associate Membership Requirements document for full criteria details.](#)

If the Member Panel approves your application, you will be offered Associate membership of the LI – and will be able to start your journey on the Pathway to Chartership.

Please note: the LI always recommend the completion of an LI accredited qualification. This ensures that the graduate has received the very best in landscape education. This is the only guarantee of eligibility for Associate membership. There is no guarantee of eligibility, but the Member Panel will offer feedback to any unsuccessful applicant on what is needed to submit a successful application. The Member Panel consists of two Fellows and one Chartered Member of the LI.
